### TIPS FOR COLLEGE

The college application process can be hard — but it doesn't have to be. To stay organized, make one big folder in your Drive for applications and essays, adding subfolders for each college. Include the name of the school, topic, and word count.

### INSECTS IN YOUR EARS

Earwax has chemicals called volatile fatty acids that are also found in fermented bread and beer. Cockroaches can smell these chemicals, and will enter ears to find food. Spiders do too, and have ever been known to make webs in people's ear canals.
